

# 15" THROTTLE EXTENSION KIT

FOR PGD3200X & PGD2000X DRIVERS

The PGD3200X Titan Post Driver with the PGDSHKX, 15" extended handle kit eliminates buckets and tailgates when doing 7' and 8' posts.

- Powerful Honda GX35 1.3hp 4 Stroke Engine
- Handle kit includes additional throttle assembly and exclusive center stabilizer bar
- Driver ships in rugged custom poly carry case with tool kit, extra grease, oil, and a 2.5" reducer sleeve

## THE FULL LINE

\*Driver also shown with Upper Handle Kit installed (PGDLHKX)

## 15" THROTTLE EXTENSION KIT

The PGD2000X or PGD3200X Titan Post Driver with the PGDSHK, 15" or PGDEHK extended handle kits eliminates buckets, tailgates, ladders, and unsafe practices when driving 7', 8', and taller posts.

The Titan 15" or 30" Extension Handle Kits can be added to either the PGD2000X or the PGD3200X Titan X Series Post Driver for driving taller, hard to reach posts. The kit includes a throttle assembly with on-off auto reset button and trigger throttle, lower formed angle handle with cushion grip and Titan exclusive center mounted formed straight handle with cushion grip for additional structural integrity, balance, and ease of handling. Hardened steel bolts with Nord-Lock washers combined with knurled couplings provide strong, tight connections. A throttle junction box and quick connect wire harness allows for dual throttle control.

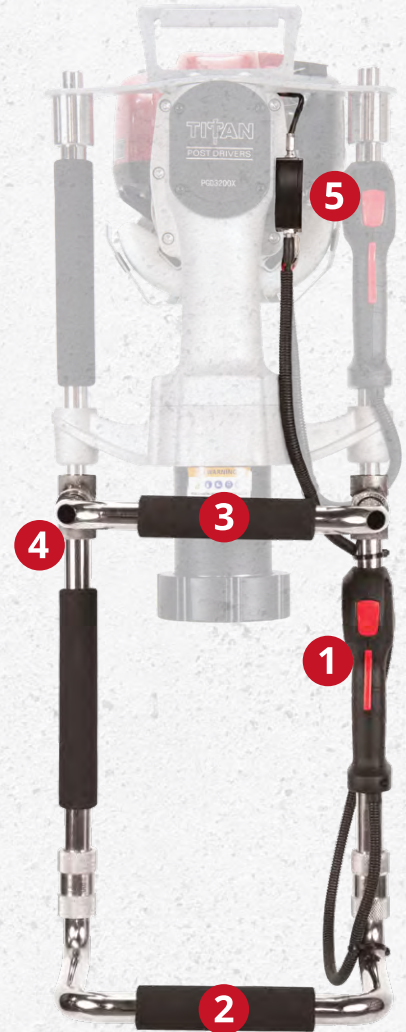

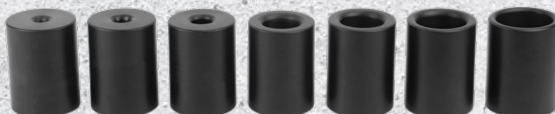

**All Titan Post Drivers ship in rugged poly carry cases, include a reducer sleeve, tools, extra grease. Handle kits are purchased and shipped separately and must be installed. Image is the PGD3200X with the PGDSHKX installed.**
