TITAN PGD3200X DRIVER

With the versatility of the Titan PGD3200X Post Driver powered by the Honda GX35 Four Stroke engine, you can drive pipes, tent stakes, ground rods, and multiple sizes in between with Titan's broad assortment of solid industrial poly sleeves and quick-change barrel cap. The PGD3200X driver can be customized with various handle kits.

Titan handle kits provide improved operator control, comfort and safety. Kits that include an additional throttle assembly feature an on-off auto reset button and trigger throttle. A throttle junction box and quick connect wire harness allow for dual throttle control. Extension handle kits include our Titan exclusive center mounted formed straight handle with cushion grip for additional structural integrity, balance, and ease of handling. Hardened steel bolts with Nord-Lock washers combined with knurled couplings provide strong, tight connections.

All Titan Post Drivers ship in rugged poly carry cases, include a reducer sleeve, tools, extra grease. Handle kits are purchased and shipped separately and must be installed.
